PORTLAND 15, OREGON

• **WHOLESALE PRICE LIST**

JULY 1957 • SEASON 1957-1958

To Our Patrons

THIS is strictly a **WHOLESALE** list, and intended only for those engaged in buying and selling nursery products. We will appreciate being notified in case it gets in the hands of anyone not entitled to it.

PRICES are based upon present market conditions, and are subject to change at any time.

RATES for quantity are as follows:

Deciduous Stock (put up in bundles of 10):

Schedule applies for each variety and grade.

1 to 4 at 10 rate plus 20%
5 to 9 at 10 rate plus 10%
10 to 40 at 10 rate
50 or more at 100 rate

Evergreens and other B&B items:

Schedule applies for each variety and grade.

1 to 4 at 10 rate plus 10%
5 to 24 at 10 rate
25 or more at 100 rate

TERMS. 60 days net on all nursery stock. Nursery supplies 30 days net. Interest at 6% will be charged on over-due accounts.

GRADE STANDARDS. Those adopted by the American Association of Nurserymen.

PACKING. All boxing and baling charged at cost.

GUARANTEE OF GENUINENESS. We are ready at any time to replace free of charge, nursery stock that is proven to be untrue to name, or to refund the original amount paid, but we shall in no case be liable for any sum greater than the original purchase price of such stock.

CLAIMS OR COMPLAINTS. We very much appreciate having reports on shipments as soon as they are received. If stock is unsatisfactory, kindly advise us at once, and we will do all in our power to make any necessary adjustment. Unless otherwise specified, our sales are made F.O.B. Portland, and although we use all possible precaution in making shipments, our responsibility ceases upon delivery in good order to the carrier company.

FILLING OF ORDERS. Our central location and the fact that we receive stock from a number of local nurseries enables us to fill orders quite promptly.

LOCATION

Our office, warehouse and salesyard are located at 5050 S. E. Stark Street. If you have no transportation, phone us, or, if driving, come straight out Stark Street to 50th.

Office Phone: BELmont 5-3113

Salesyard: BELmont 6-7109

4-5 feet, 1 year whips.....	2.00	1.75	1.55

FAASSEN'S REDLEAF MAPLE

Listed in our catalog as Faassen's Black Maple, we are renaming this beautiful tree to achieve greater accuracy and sales appeal. Sales have grown steadily since this tree was originally offered, and we have a good supply of whips and branched trees to meet the demand this year. We expect to have colored pictures available this season for our customers who request them.

PORTLAND WHOLESALE NURSERY COMPANY

Season 1957-58

FRUIT TREES

Fruit Trees are tied 10 to a bundle. Prices are increased if bundles are broken.

Combinations are made up of the best commercial early, mid-season and late varieties. Prices listed apply only if 5 or more of variety and grade ordered.

DWARF FRUIT TREES

DWARF APPLE — On Malling IX Root.

Grows to 8 to 10 feet. Small size and early bearing make this type very desirable for home yard use. Can be planted 12 feet apart on the square without crowding growth. Also has been planted commercially about 4 feet apart in hedgerows.

	Per 10	Per 100
7/8 to 1 inch, 2 year, branched.....	\$28.50	\$260.00
11/16 to 7/8 inch, 2 year, branched.....	23.50	210.00

Gravenstein

Red Delicious

Yellow Delicious

Jonathan

Red McIntosh

Yellow Transparent

(Also small lots of other varieties.)

SEMI-DWARF APPLE — On Malling I, II, and VII Root.

Grows to 12 to 18 feet depending on variety and root stock. Generally speaking, the order of vigor is as listed above with the most vigorous first. All roots cause early bearing. Trees should be planted about 20 feet apart.

	Per 10	Per 100
7/8 to 1 inch, 2 year, branched.....	\$27.50	\$250.00
11/16 to 7/8 inch, 2 year, branched.....	22.50	200.00

Grover, late			
Jersey, late, large.....			
Rancocas, midseason, large.....			
Rubel, midseason			
Stanley, midseason	} 2 year	5.50	50.00

Cross-pollination is necessary for Blueberries, and any two of these varieties will pollinate successfully.

(50 or more of the combined varieties take the 100 rate.)

Varieties listed are all desirable for commercial purposes.

The 3 year plants which are bushy and well developed are recommended for salesyard purposes.

MAPLE—Dwarf Types.

Palmatum (Seedlings). Green, compact. Desirable for ranch-type house.

Grows to 20 feet.

6- 8 feet	37.50	350.00
5- 6 feet	25.00	225.00
4- 5 feet	21.00	185.00
3- 4 feet	16.50	150.00
2- 3 feet	13.50	125.00

Redleaf. *Acer palmatum atropurpureum*.

Upright growing, grows to 10 feet. Often called ribbonleaf. The variety we are growing holds its rich purple-crimson color very well through the summer.

3- 4 feet	37.50	350.00
30-36 inches	32.50	300.00
24-30 inches	27.50	250.00
18-24 inches	22.50	200.00
12-18 inches	16.50	150.00

Laceleaf. *Acer P. Dissectum*.

Weeping growth. Grows to 5 feet. Often called cutleaf.

Finely cut reddish foliage.

30-36 inches, B&B and Gallon Cans	50.00	450.00
24-30 inches, B&B and Gallon Cans	42.50	400.00
18-24 inches, B&B and Gallon Cans	37.50	350.00
12-18 inches, B&B and Gallon Cans	32.50	300.00

(Both height and spread considered in grading.)

Vine Maple. *Acer circinatum*.

Grows to 15 feet. Upright, native of Northwest. Green foliage in summer turning to beautiful yellow and reddish hues in fall.

At same price schedule as *Palmatum*.

Crimson King, *Acer platanoides schwedleri* Nigra. (Plant Pat. No. 735.)

Somewhat slower in growth than Schwedler Maple, this new type holds its rich purplish-red color the entire season.

	Each	Each
	10-49	50-100
8- 9 feet, whips	\$3.50	\$3.20
7- 8 feet, whips	3.00	2.70
6- 7 feet, whips	2.50	2.20
5- 6 feet, whips	2.00	1.70
4- 5 feet, whips	1.60	1.40

Faassen Black.

A deep red-leaf Maple that retains its color throughout the summer months.

Very similar to Crimson King.

EVERGREENS

The 10 rate is allowed if 5 or more conifers of a variety and grade are ordered.
Prices are increased for smaller quantities.

All prices subject to change without notice.

Our Evergreens are produced under most favorable conditions assuring a strong, fibrous root system, good shape and color. An adequate ball is used, but we are careful to keep the weight down to avoid excessive transportation charges.

Unless otherwise specified, Evergreen prices cover B&B stock. This season certain items will be available in containers, and these will be quoted on a supplementary list.

CONIFERS

ARBORVITAE

Baker. T. or. bakeri.

An excellent compact pyramid. Bright green. Hardy.

	Per 10	Per 100
30-36 inches	\$30.00	\$275.00

24-30 inches	27.50	250.00
18-24 inches	22.50	200.00

FIFTY YEARS OF GROWTH

A GOLDEN ANNIVERSARY is a time to pause and look back over the span of half a century, reflect a moment on the present and look ahead to future years in our ever-growing industry.

It was on April 22, 1907, that a group of local nurserymen, feeling the need for "Orderly Production and Marketing of Nursery Stock," incorporated under the name Portland Wholesale Nursery Co.

ALBERT BROWNELL, the first manager of the firm, active in the business until his death in 1933, was a man with great respect for his fellow nurserymen. His high regard for nursery standards and belief in a united nursery industry, continues to be an inspiration to the present day corporation.

AVERY STEINMETZ, now President and Manager, took over the reins in 1933. Always keeping in view the original objective of the founders of the firm, he has set the policy and moral structure of the company and guided it steadily through the years to its present status.

In 1936 J. FRANK SCHMIDT, SR. became our principal grower and he along with his sons still produces a substantial portion of the stock distributed by our firm to all points of the country. Here three generations, Frank, Sr., Frank, Jr., and Frank III, stand before a block of budded 2-year European Mountain Ash.

Increased volume led to the construction of our present building in 1954. It is built on a centrally located 6-acre tract of land which was established almost 100 years ago as one of the original nurseries and floral sites in Portland. Its location combined with a well arranged office and warehouse and adequate outdoor heeling in area has facilitated the handling of an ever-growing demand for Oregon-Grown Stock.

MYRTLE CALDWELL, who for more than twenty years has served as bookkeeper and general office assistant, has an intimate knowledge of company accounts and financial operations.

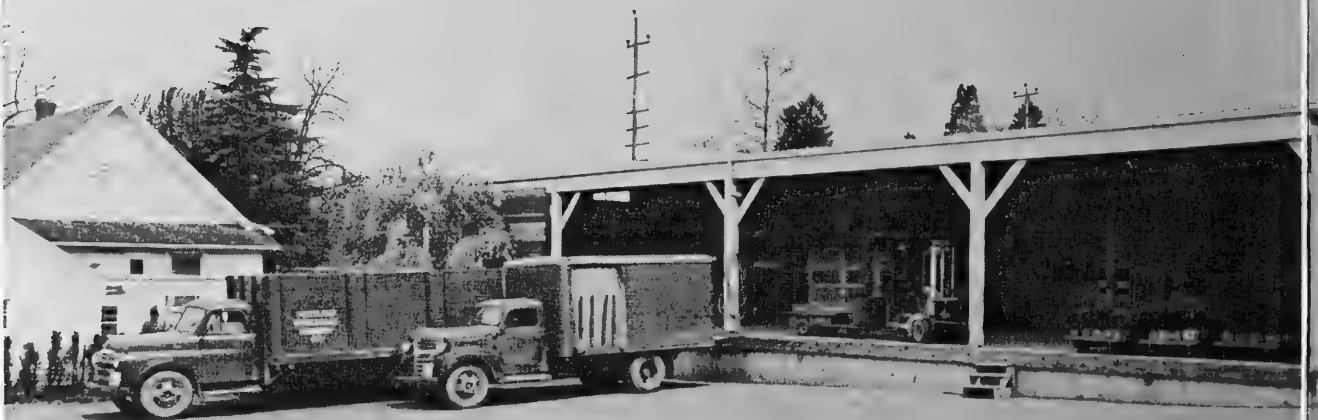

PAUL VAN ALLEN, Secretary-Treasurer, joined the firm in 1945. In his capacity as assistant manager he is in charge of all shipping and packing operations and company property.

TRUCKING ACTIVITY DURING SHIPPING SEASON

VIEW F

WAREHOUSE AND SALESYARD

SHIPPING AND RECEIVING DOCK

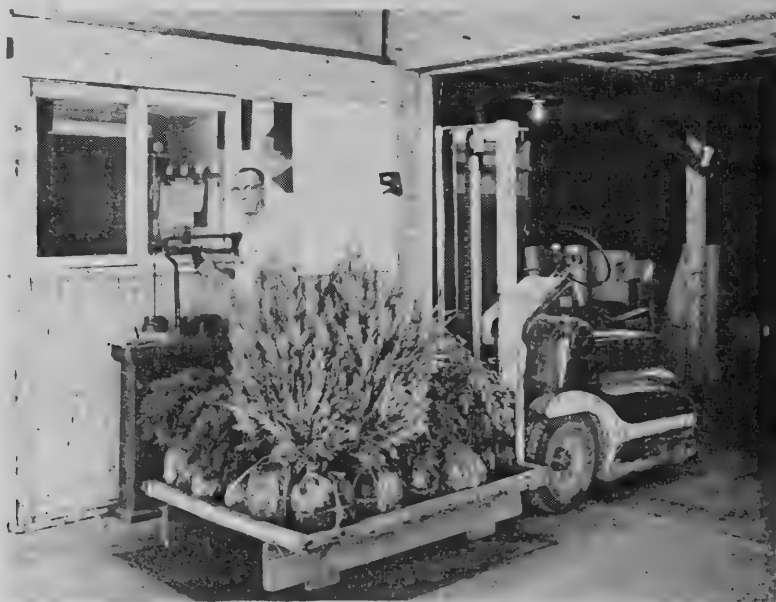

ED BURNACCI, routing a shipment, supervises the loading of trucks and cars. Ed has been with the firm since 1948.

Our warehouse crew is composed of men experienced in the careful handling and shipping of nursery stock. Modern equipment enables them to handle stock quickly and safely.

DENNIS STRODE

Since 1952

AL HENDERSON

and

HARRY DALEN

Since 1945

LEO SHEA

Since 1941

Not shown is
LLOYD HEPLER
who has been
active in all
phases of out-
door work since
1945.

As our volume gradually increased, we realized the need for trained personnel to better serve our customers, and two new departments were created.

BILL GERBER, who joined the firm three years ago, has charge of the stock records, and all orders for nursery stock are processed through him. He is ably assisted in this department by ROY RAY.

Our latest development has been in our supply department which has been greatly increased in order to bring to our customers the best available in nursery equipment and supplies. W. "PETE" NUFFER is manager of this department and has as his assistant, HUGH VAN ALLEN.

GEORGE CALDWELL is manager of our wholesale salesyard. This yard was established as an accommodation to customers who wish to call for their stock.

We look with a great deal of optimism to the future, for Oregon produces thrifty, clean, quality nursery stock, and it is our intention to continue the policy of marketing the "Best that Oregon Can Produce."

CONIFERS—Continued

HEMLOCK, Canadian. *Tsuga canadensis*.

Hardy, graceful tree. Shears well for hedge purposes.

Mountain. *Tsuga mertensiana*.

Hardy, similar to Canadian. Suitable for hedge purposes.

BROAD-LEAVED EVERGREEN TREES and SHRUBS

The 10 rate is allowed if 5 or more broad-leaved evergreens of a variety and grade are ordered. Prices are increased for smaller quantities.

AZALEA

The letters and numbers preceding the variety name denote hardiness as given by Koster Nurseries, Bridgeton, N. J., who are large growers of Azaleas, and these ratings are borne out by experience of local growers. The ratings are based upon minimum temperatures which varieties may be expected to stand with no appreciable damage to leaf, stem or bud of established mature plants. They are as follows:

- H-1—(Hardy to 25° F. below zero.) H-3—(Hardy to 5° F. below zero.)
- H-2—(Hardy to 15° F. below zero.) H-4—(Hardy to 5° F. above zero.)
- First year plants should be rated one rating lower.

GROUP I

- H-1+—**Amoena Coccinea**, dark brilliant red.
- H-1 —**Anny**, orange-red. Midseason.
- H-2 —**Betty**, brilliant rosy pink, hardy. Mid-season.
- H-1+—**Fedora**, large salmon rose. Mid-season.
- H-4 —**Hexe**, bright red. Late.
- H-4 —**Hinodegiri**, brilliant crimson. Early.
- H-4 —**Ledifolia Alba**, large single white.
- H-1 —**Macrantha**, light red. Very late.
- H-1 —**Othello**, brick red. Earlier than Anny.
- H-2 —**Sherwoodi**, large orchid, tall grower.
- H-2 —**Sherwood Red**, profuse blooming red.

RHODODENDRONS

Letters and numbers preceding variety names indicate relative hardiness. (H-1—hardest through H-5—most tender; H-1—probably hardy as far north as Southern New England and Southern New York; H-5 only recommended for warmer climates and Western Oregon and Washington. We consider all of the Rhododendrons listed hardy in California with the exception of the northern inland portion of the State.

18-24 inches	16.50	150.00

CONTAINER STOCK

Container Stock, mostly in gallon cans, is now handled through our salesyard in rather large quantities. Some of it is produced locally, but we still have to depend on California stock for the bulk of this material.

Prices vary according to the quality and size, and the supply is uncertain, so we are not attempting to publish a price schedule in this catalog.

We will, however, put out occasional quotations on container stock, and it is our intention to increase our supply as it becomes available.

VINES AND CLIMBERS

BITTERSWEET, *Celastrus scandens*.

PORTLAND ROSES

The roses we offer are all grown near Portland in good, sandy, loam soil, without irrigation, thus securing a particularly fine root system and firm, well-ripened wood. The stock is usually ready for shipment by December 1. A favorable growing season seems to indicate excellent quality for this year.

NURSERY AND GARDEN SUPPLIES

W. P. "Pete" Nuffer in charge

We are in the process of expanding our supply department, and many new lines are being added. If you need something that isn't listed, write us, we may have it or be able to obtain it for you.

Watch for our illustrated supply catalog which we hope to publish in the near future.

Our aim is to supply the Nursery Trade with top quality supplies at lowest possible prices.

All prices except where noted are F.O.B. our warehouse and subject to change without notice.

“AGE” (In China)

People in middle age actually look forward to the time when they can celebrate their fifty-first birthday, and in the case of successful merchants or officials, they would celebrate even their forty-first birthday with great pomp and glory. But the fifty-first birthday, or the half century mark, is an occasion of rejoicing for people of all kinds. The sixty-first is a happier and grander occasion than the fifty-first, and the seventy-first is still happier and grander. While a man able to celebrate his eighty-first birthday is actually looked upon as one especially favored by Heaven.
